## COMMENTS INVITED ON APPLICATION OF COMCAST PHONE OF WASHINGTON, LLC D/B/A COMCAST DIGITAL PHONE TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 07-242  
Comp. Pol. File No. 841

Comments Due: November 13, 2007

### Section 214 Application

**Applicant: Comcast Phone of Washington, LLC d/b/a Comcast Digital Phone**

On October 9, 2007, Comcast Phone of Washington, LLC d/b/a Comcast Digital Phone (Comcast or Applicant), located at 1500 Market Street, Philadelphia, PA 19102, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services in Washington.

Comcast indicates that it currently provides interstate and intrastate telecommunications service throughout Washington. Comcast states, however, that it now intends to discontinue its provision of local exchange and interexchange services in Washington.<sup>1</sup> According to Comcast, the anticipated date for the proposed discontinuance is November 28, 2007, or as soon thereafter as the necessary state and federal approvals can be obtained. Comcast explains that the proposed November 28, 2007 disconnection will be a "soft disconnect" and that end-user customers in the affected location will continue to be able to call emergency services by dialing 911, and to call the Comcast Phone call center until December 28, 2007, or one month after the authorized disconnection date. Comcast also states that it will assist affected customers during their transition to new carriers. Comcast indicates that it informed all affected customers of the proposed discontinuance by letters sent via first class U.S. Mail on August 14, 2007. Finally, Comcast asserts that it is non-dominant in the local exchange, interstate, and interexchange services markets.

<sup>1</sup> Comcast indicates that on September 26, 2007, Comcast Phone of Oregon, LLC filed an application to discontinue service to Washington state customers in Vancouver and Clark County. Comcast maintains that the instant application is to discontinue service to customers in Washington served by Comcast Phone of Washington, LLC d/b/a Comcast Digital Phone.

In accordance with section 63.71(c) of the Commission's rules, Comcast's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies Comcast that the grant will not be automatically effective. In Comcast's application and notice to its customers, Comcast indicates that it anticipates discontinuing service on or after November 28, 2007. Accordingly, pursuant to section 63.71(c) and the terms of Comcast's application and notice, absent further Commission action, Comcast may terminate service in Washington on or after November 28, 2007. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **November 13, 2007**. Such comments should refer to **WC Docket No. 07-242 and Comp. Pol. File No. 841**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service.
